"Best of Florida Artists and Artisans 2006" is the brainchild of Renee Kennedy, a painter who runs Kennedy Promotions, a company based in Virginia, that helps artists find ways to show off their talent.

Works for the book were chosen by three judges, Kennedy included 70, from about 300 entries from artists across the state. "We always thought artists were underexposed and under-appreciated," Kennedy said. She said the company is working to produce similar books in New York, Pennsylvania.
